CORONAVIRUS (COVID-19)

ENHANCED DISINFECTION SERVICES

For our customers that are now under contract or future potential customers we are now pleased to offer couple service options meant to help with this crisis. These services can be preventative or remedial.

- Electrostatic Spray Application
- BioShield 75 Application
- Manual Disinfection Service

ELECTROSTATIC SPRAY APPLICATION

This process is becoming the NEW STANDARD in infection control. With this process DVCleanOfOrange is able to service a full facility disinfection using this cordless electrostatic sprayers.... DVCleanOfOrange is dedicated to providing the proper tools to make our customers (hospitals, schools, gyms,

churches, offices, etc...) and communities safer.

Our Cordless Electrostatic Handheld Sprayer covers up to 2,800 SF on a single tank of fluid & Combined with the proaper Electrostatic charge, this allows us to apply an even coating on ALL SURFACES.

With this service we utilize TB-CIDE QUAT – ready to use disinfectant used in hospitals, nursing homes, schools, etc., where infection control is of prime importance. TB-Cide Quat is suitable for cleanups per the Bloodborn Pathogen Standard and is effective against MRSA & CA-MRSA, VRE, Norwalk Virus, and many other pathogens of concern.

P: (714)276-4998 * contact@dvcleanorange.com

& DMQ – this is a bactericidal product ... effective disinfectant against the following bacteria: Staphylococcus aureus and Salmonella enterica. Also, effective against HIV-1 (AIDS virus), Hepatitis B & C, Herpes simplex Type 2, Influenza A2/Hong King Virus.

Eliminate
99.9%
of bacteria.

BioShield® 75 eliminates 99.9% of bacteria and germs and provides 24/7, long-lasting antimicrobial protection for all facilities, surfaces and equipment.

BioShield® 75 IS A GROUNDBREAKING ANTIMICROBIAL TECHNOLOGY that permanently bonds to a surface, forming a non-toxic shield that kills any germs that come into contact. Is a totally new approach to providing long lasting ANTIMICROBIAL PROTECTION.

BioShield 75 is engineered to provide continuous protection for ninety (90) days or greater, keeping the surfaces cleaner and fresher for longer than ever before.

Once BioShield® 75 is applied to the surface it will not wash off.

The BioShield is applied with the **Electrostatic Handheld Sprayer!**

Very Important!!! All surfaces/touching points areas need to be at least DUST & HEAVY DIRT FREE... for the BioShield application to stick/work correctly.

P: (714)276-4998 * contact@dvcleanorange.com

****For larger areas/projects, increased frequency a customized bid will be provided.***

*****Equipment is limited and we are responding to requests on a priority basis.***
